Lavoro

“Wildcat Mountain Vineyard”

Sonoma Coast Syrah 2005

92+/100 - *Our Score*. This is a very special wine for us to bring to you. It was made by Jen and Alex Beloz. Alex got his start in the wine business right here at the Wine Discount Center. In the late nineties, he followed his dream and moved to northern California. Over the last ten years, he learned how to make wine, got married, and started his own label. His wife, Jen, is director of winemaking at Ravenswood while Alex consults on many exciting projects including Obsidian Ridge, whose Cabernet is a big-time Wine Discount Center favorite. Together they have produced a lush and powerful Sonoma Coast Syrah from a single site by the name of Wildcat Mountain Vineyard. We encourage you to buy and taste this delicious wine and to raise a glass to all those who follow their dreams. *(California)*
